A NOTE FROM THE COMPOSER

I love listening to people I've never met perform my music. In my career outside of composing choral music, I am personally involved in nearly every aspect of the realization of the music I write. As a part of either the studio production or the performance, I am always a hands-on participant. However, when it comes to the choral music I compose it is all up to you. There is something magical about the fact that, although I am not even in the room, you are bringing this music to life in a way that can connect and inspire people. I am continually amazed by that. Thank you for this opportunity to create music with you. -pz
